

**Timah Resources Limited (ASX Code: TML)**

**22 February 2017**

**Subject: Successful Commercial Operation of the Upgraded 3.8MW Biogas Power Plant**

The Company wishes to advise shareholders that its 3.8MW Biogas Power Plant has successfully passed the Commercial Operation (“COD”) tests on 15 February 2017. The test report is being prepared by an Independent Engineer to be submitted to the Sustainable Energy Development Authority Malaysia (“SEDA”). The Company is now preparing the submission to SEDA of all relevant information in regards to the Feed-in Tariff Commencement Date (“FITCD”). SEDA will review and then determine the FITCD and the final Feed-in Tariff rate based on the COD test results.

The Company is confident that FITCD’s approval will be issued soon, which will enhance the Company’s revenue.

The Company will keep the market informed on any further development.
